◆ WORKING LANGUAGE - English

◆ NOTES

- Only research papers concerning CST will be considered in this conference. After receiving and classifying the main part of the papers, the Programme Committee will specify and distribute the papers into sections and subsections and elaborate the programme of the conference.

◆ SUBMISSION REQUIREMENTS

Please be aware that CompSysTech'27 will be an IEEE conference, its proceedings will be published in IEEE Xplore® and the final PDF version will be produced using IEEE PDF eXpress tool to validate your papers.

When preparing your papers, please read the instructions and use the IEEE Microsoft Word (A4 size) and LaTeX templates provided here:

<https://www.ieee.org/conferences/publishing/templates>

When your manuscript is ready, please submit it to the conference paper submission & review system in PDF format.

Please do not include authors' names in your initial file submission so we can implement a blind review process.

In case your paper is accepted for publication you will have to transfer copyright to IEEE via IEEE Electronic Copyright Form (eCF). Further instructions will be sent to you. After that, add the copyright notice to the bottom of the first page of your source document. Proofread your source document thoroughly to confirm that it will require no revision.

In order to generate a PDF IEEE Xplore compatible file:

Log in to the [IEEE PDF eXpress TM site](https://www.ieee.org/conferences/publishing/templates).

More information can be found here: <https://ieeexplore.org/External/UsingIEEEPDFeXpress>.

As in the previous years please keep in mind that:

1. Do not change the title and the list of authors after announcing the results.
2. Papers should be up to 8 pages long (12 pages for keynote speakers).

To increase your paper's chance to be accepted for publication in the proceedings, it should:

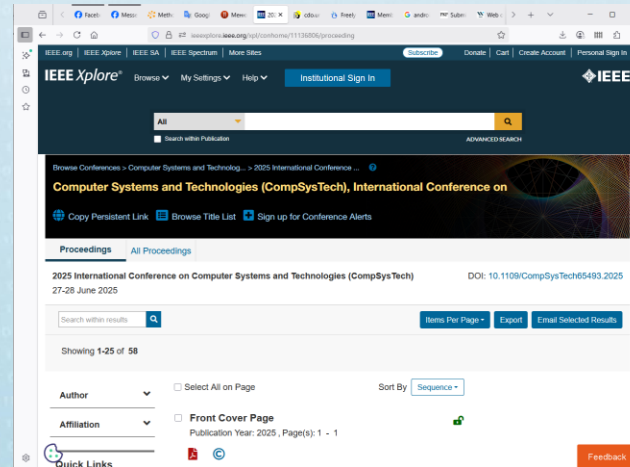

3. Be at least 4 pages long
4. Have at least 8-10 references
5. Follow the following structure: Introduction, Review of previous work in the field and why a new solution is needed, Detailed description of proposed method/approach/solution, Testing and results, Conclusion

A person could be a co-author of maximum of 3 papers.

Please do not include authors' names in your initial file submission so we can implement a blind review process.

◆ **CONFERENCE PROCEEDINGS** will include only papers which meet all formatting requirements and are accepted by the [CompSysTech'27](https://www.compsystech.org) Programme Committee.

CompSysTech'26 papers were published in IEEE Xplore.

◆ CONFERENCE FEE

Please see the conference website:

<https://www.compsystech.org/2027/fees-and-payment>

◆ IMPORTANT DATES

- 09/03/2027 - paper submission deadline (in English, in PDF format);
- 20/05/2027 - announcing the results & giving authors an access to their reviews;
